

A technical drawing of a mechanical assembly, likely a valve or actuator mechanism. The drawing includes the following numbered components:

- 1**: A horizontal plate or housing at the top.
- 2**: A horizontal rod or shaft passing through the center.
- 3**: A small rectangular component at the bottom right.
- 4**: A coiled spring.
- 5**: A horizontal rod or shaft, similar to component 2, located below the spring.
- 6**: A horizontal rod or shaft passing through the middle of the assembly.
- 7**: A horizontal rod or shaft at the bottom left.
- 8**: A small rectangular component at the bottom right, near component 3.
- 9**: A circular component at the top center.
- 10**: A small circular component at the bottom center.
- 11**: A small circular component at the bottom center, near component 10.
- 12**: A large, irregular shape on the left side, possibly a housing or a fluid reservoir.
- 13**: A vertical rod or shaft on the right side.
- 14**: A large, irregular shape on the right side, possibly a housing or a fluid reservoir.

The drawing uses solid lines for visible parts and dashed lines for hidden internal features. Arrows point from the numbers to their respective components.
